\*This covers usage of the Sanctuary for the service and for the final viewing (typically 60-90 minutes prior to the service itself)

\*\* For non-members desiring a fellowship meal after the funeral and committal, a caterer should be used who will prepare the dishes off-site. The stove in the church kitchen may be able to warm items, but no preparation or cooking should be done at the church. The church secretary can provide the contact information for a recommended caterer that is familiar with our guidelines. See our website at ([burryschurch.org](http://burryschurch.org)) for Fellowship Hall Usage Guidelines for further details on the hall use.

Also, if the ladies of the church provide a fellowship luncheon, the requested donation to cover expenses is \$3 per person that is expected to attend.
